Mr. Moore –

Adrian Shelly at Air Alliance of Houston suggested that I contact you. I am a professor at the University of Houston Law Center, and I'm teaching the Environmental Law class this semester. We're studying CERCLA, RCRA, emergency response and criminal enforcement issues, and it would be very helpful for my students to see an actual CERCLA site. The CES Site is located within a few blocks of the law school, and we planned to view it from the curbside parking lot on this Friday morning (Sept. 26) at 8 am.

We didn't want to surprise you, and obviously we don't want our presence to complicate any removal work underway. On a more positive note, we would also clearly welcome the opportunity to talk with you or a contractor about the removal!

If you would like to talk, please feel free to call me at your convenience on my cell phone (713-775-8874). I'm largely free to talk today except between noon to 2:30, when I'm teaching classes. Thank you, and I hope that we'll have an opportunity to talk soon.
